You caught me off guard with the call. Is it something important ?

Translated by

Do I need a reason to see you? Can't we just hang out?

O, of course, we can ...

I was joking. It is something important.

Ah -

I called you out now because I won't have time later today due to council meetings.

You look troubled though.

I ... I am ?

Yes, it's written on your face.

It's ... nothing serious. Hye-Ri said she wasn't feeling well ...

I am a little worried, that's all.

Hye-Ri ?

But ... it's okay !

Work is more important !

Well, if you really think so...

I need to give you this first...

...

Do not upload my projects to online manga readers.
My projects must remain free of profits.

Cha Jin-Suk

I just remembered something. Can you go back to your room?

I will call you later.

Ah... ok?

?

52.

Why are you eavesdropping ?

I was just passing by.

Why did you send her away?

Something i shouldn't be listening ?

No one likes to continue if someone's eavesdropping.

I notice that you seem to be paying extra attention on Cha Jin-Suk...

Is there any reason ?

i what ?

Cha Jin Suk?

Hahahah, who cares about her ?

I should ask your question to you.

I wonder what the council president wants to do with her..

It's none of your business actually.
